I request authorization to commingle production from two or more units or commingle production between insured and uninsured acreage within the same structure and to use my load records, structure markings, or combine monitor records to determine production between units or production from insured/uninsured acreage. Do you agree to follow your insurance provider's written criteria and instructions to do this?  Yes  No

I understand that authorization for commingling production must be received from my approved insurance provider before production can be commingled. I also understand that if authorization is given, my approved insurance provider will provide (or has provided) written criteria and instructions for the use of load or combine monitor records to separate such production, and if I fail to follow all instructions, my optional unit structure will be collapsed. \_\_\_\_\_ (initials)

If you have less than 100% share, is the other share insured under a Federal crop insurance program? If so, list the person's name, AIP and policy number, if known.
